

1. ELIGIBILITY

This Limited Warranty and Adjustment Policy applies to the original owner of new Our Tire brand passenger and light truck (LT) tires that are new replacement market tires bearing the Our Tire brand name and D.O.T. Tire Identification Number, operated in normal service, and used on the same vehicle on which they were originally installed according to the vehicle manufacturer's recommendations. Additionally, tires used in commercial service including, but not limited to, taxicabs, police cars, emergency vehicles and non-passenger service vehicles are not eligible for the Tread Wearout Coverage set forth in this Limited Warranty and Adjustment Policy.

Tire(s) on any vehicle registered and normally operated outside the United States and Canada are excluded from eligibility under this Limited Warranty and Adjustment Policy.

2. WHAT IS THE ADJUSTMENT POLICY AND HOW LONG IS IT APPLICABLE?

BASIC COVERAGE

Eligible Tires are covered by this Limited Warranty and Adjustment Policy for a maximum of 60 months from the date of purchase.*

WHERE TO GO FOR WARRANTY REPLACEMENT

Please return your tires to a Our Tire brand tire dealer. You must present the original sales invoice at the time of your claim.

FREE REPLACEMENT PERIOD

If an eligible Our Tire brand passenger or light truck tire becomes unserviceable from a condition other than those listed

during the first 12 months or first 2/32nds (1.6mm) of treadwear (whichever comes first) it will be replaced with a comparable** new Our Tire brand tire FREE OF CHARGE, including mounting and balancing. Owner pays all applicable taxes.

TEMPORARY SPARE TIRES:

This policy also extends to the original owner of the Our Tire Brand Temporary Spare Tire that was originally equipped by the vehicle manufacturer as a temporary spare tire bearing a Our Tire D.O.T. serial number. An eligible Temporary Spare Tire under this Policy must have been operated in normal service, used on the same vehicle on which they were originally installed according to the vehicle manufacturer's recommendations, and display adjustable conditions as described in this Policy.

This Policy is for a maximum period of 60 months from date of purchase*, determined by the new vehicle registration date or a new vehicle sales invoice showing date purchased. If a Temporary Spare Tire becomes unserviceable from a condition other than those listed in this Policy during the first 1/32nd (0.8mm) of treadwear, then it will be replaced with a comparable new Our Tire brand Temporary Spare Tire. Mounting and balancing are included free of charge. The owner pays all applicable taxes. After this "Free Replacement Policy" for your Temporary Spare Tire expires, no adjustment will be made.

AFTER THE FREE REPLACEMENT PERIOD

The tire may still be eligible for a pro rata replacement for 60 months from date of original purchase* until the tread is worn down to the tread wear indicators (2/32nds of an inch or 1.6 mm of tread remaining.) If an eligible tire becomes unusable under the stipulations of this Limited Warranty and Adjustment Policy it will be replaced charging the owner a pro-rated amount. Owner pays all applicable taxes (including F.E.T.), mounting and balancing charges.

The replacement tire price will be determined by multiplying the percentage of the useable tread worn by the Dealers Price (excluding all applicable taxes) at the time of the adjustment. The useable tread is the original tread down to the tread wear indicators (2/32nds of an inch or 1.6 mm of tread remaining.)

3. EXTRA COVERAGE FOR PREMIUM TIRES

Certain premium Our Tire brand tires are eligible for additional protection under this Limited Warranty and Adjustment Policy as follows:

TREAD WEAROUT COVERAGE

The Our Tire brand tires listed below are warranted against wearout up to the mileage/kilometers coverage shown in this section, even though the actual mileage/kilometers you may get from your tires may vary because of driving habits and road conditions. If one of the tires listed in this section wears out before the listed mileage/ kilometers, Our Tire will adjust the tire on a pro-rata basis. "Wearout" means that the tire's tread has worn evenly down to the tread wear indicators (2/32nds of an inch or 1.6 mm of tread remaining). "Pro- rata" for this Tread Wearout Coverage is measured by the odometer readings at the time of the tire's purchase, as shown by the original tire sales invoice, and at the time of replacement. In addition, you must present a completed rotation schedule contained in the original owner's copy of the tire's Limited Warranty and Adjustment Policy.

- Tire(s) that have not been rotated at least every 6,000 to 8,000 miles (10,000 to 13,000 Kilometers) as evidenced by a completed rotation schedule are excluded.
- Tire(s) in service for more than *\$ months of service regardless of mileage are not covered.

PCR/LTR TIRE 60,000 **Kilometers**

This Tread Wearout Coverage DOES NOT include mounting balancing and applicable taxes, which remain the customer's obligation.

You will receive a comparable** new replacement tire with payment of the replacement price based on the percentage of actual mileage/kilometers received to the mileage/kilometers covered. Your replacement cost will be determined by dividing the actual mileage/kilometers delivered by the miles warranted and multiplying the result times the current selling price of an equivalent or comparable replacement tire. Consumer pays for mounting and balancing and any other additional charges such as taxes or the acceptance of a higher priced replacement tire.

4. WHAT IS NOT COVERED BY THIS LIMITED WARRANTY AND ADJUSTMENT POLICY

THE FOLLOWING ARE NOT COVERED:

Our Tire does not warrant any repaired tire.

Road Hazard: Any Our tire with road hazard damage. This includes, but is not limited to: cuts, snags, punctures, bruises, and impact breaks.

Ride/Vibration: Any ride/vibration complaint after the first 2/32nds (1.6 mm) of an inch of treadwear or 12 months of service, whichever comes first.

Improper operation or maintenance: This includes, but is not limited to, effects caused by:

Improper tire inflation and/or improper load/speed practices: These practices can cause excessive operational temperatures and stresses that exceed the tire's capabilities.

II Improper or insufficient tire rotation:

Any tire with premature or irregular wear caused by failing to follow the recommended tire rotation pattern and/or mileage intervals as delineated by this Limited Warranty and Adjustment Policy.

III Wear due to Improper vehicle alignment: includes but not limited to uneven, cupping, irregular, spotty, and feathering wear.

IV Damage due to:

- Rim irregularities or rim damage
- Snow chains

Vehicle mechanical problems, including brake problems, and vehicle wheel alignment.

Extreme temperature exposure

Negligent and abusive driving such as tire spinning, or racing;

Improper tire storage

-Automotive accident

Chemical corrosion or fire

Use contrary to the vehicle manufacturer's tire recommendations.

-Misuse or misapplication

Improper Stud Size and/or Installation**Improper Mounting or Demounting**

Alteration, such as, but not limited to, adding a white inlay on blackwall, tread regrooving, tire truing or siping, or adding sealant materials to the tire.
